Vodafone Mobile Terms and Conditions

Usage is worked out on a pro rata basis from 1st - 31st. So, if the sim card is connected on 15th of the month and is on a 20GB tariff, you will have a 10GB allowance to use from 15th to the end of the first month. The full 20GB allowance will commence on 1st of the following month.

We will advise you when 80% of your usage has been reached. When you have reached your spend cap, an auto-bar will be placed on your account. Please bear in mind that billing data can take up to 48 hours to download from the network (even longer when travelling abroad). Due to this delay, there may still be some excess charges incurred before the auto-bar activates. It is imperative that you carry out regular monitoring of data usage in particular, throughout the month. By signing this contract, you accept that you have read and understood this important information and you are liable for all out of bundle charges.

If you need any help on how to monitor the data usage, please contact DWD Telecoms on 0345 3456 575 or email - support@wearedwd.co.uk

Vodafone Spend Caps

Either you or the authorised person within your company / organisation who signed the contract, has already approved a monthly spend cap for you. This is for any out of bundle charges such as the £2 per day Euro Travel Select countries, £5 per day TravelPlus countries and World Traveller Service countries, picture messages, calls to 084/087 numbers, premium texts etc. If you need to check or amend the spend caps, please contact DWD on email – support@wearedwd.co.uk

Vodafone Roaming Allowances and Pricing

Your allowance and price whilst roaming will vary, and is also dependent on your tariff. Before you leave the UK, please ensure that you contact DWD on 0345 3456 575 or email – support@wearedwd.co.uk to check the country you are visiting and your allowances along with current prices.

Vodafone Fair Usage Policy

Unlimited plans roaming data usage is capped at 25GB per billing month in European Travel Select, Travel Free and Travel Plus destinations.

If you reach this limit, you will be charged £3 per 1GB (ex VAT) to continue using data in a European Travel Select, Travel Free or Travel Plus destinations, until your monthly allowance renews on the 1st of next month.

If a user uses their mobile in destinations outside the UK that qualify for inclusive access to standard bundles (this includes those countries that qualify for daily roaming services such as World Travel Select and/or legislation such as Roam Like at Home), for more than 50% of the time in any four-month rolling period, they can expect to receive a communication requesting a moderation of roaming services.

If a user's usage continues to exceed 50% as described above over the two-week period following the first notification, DWD reserves the right to either charge customers for this excessive usage or bar roaming services. Users will be notified before any action is taken.

Vodafone International Caller Saver

If you are in regular contact with other countries, you will benefit from adding on some of our international bundles to help keep cost low. This will be based upon the countries you call, and the estimated time spent on calls etc. International call rates to some countries are very expensive from the UK.
